

PENETRATION TESTING

Wilson Consulting Group's (WCG) penetration test is a system, application, and network security assessment offered to organizations that want to determine their resilience to internal and external threats and/or vulnerabilities. Our highly experienced and trusted staff works with clients to simulate realistic unauthorized entries so possible vulnerabilities that may be exploited can be fully tested and analyzed. Our proven method of using the latest hacking tools in a highly-controlled environment, gives clients the power to test their organization's ability to prevent, detect, and minimize unauthorized intrusions and security breaches.

Benefits of Penetration Tests

- Validation of effectiveness of internal and external security controls, including protections around high-value system(s)
- Manual testing that simulates current realistic threats
- Satisfy compliance needs (PCI, NIST SP 800-53, GLBA, FFIEC, HIPAA, etc.)
- Use of the latest threat intelligence and tactics from around the globe

- Simulation of common real-world threats preparing you for threats
- Tests organizational response and detection capabilities
- Tactical recommendations for immediate improvement
- Strategic recommendations to support long-term improvement

Why WCG?

- Trusted leadership from experienced and certified information and cybersecurity professionals
- Hands-on, interactive penetration testing conducted by security experts who research system software vulnerabilities and attempt to exploit them
- Expert vulnerability identification, with a report that outlines the vulnerability with detailed security best-practice steps for remediation
- Clear and concise communication of vulnerabilities and remediation steps in terms easily understood by a diverse range of professionals
- A commitment to taking the time to understand each individual organization's specific operations and processes, enabling WCG to accurately scope the cost and effort of the penetration test
- Simple, straightforward pricing with no hidden agenda, charges, or add-on fees whatsoever
- Dedicated staff who is on-call to answer any questions you have throughout the entire process.
